

STATE SENATOR BOB DUFF

My Continuing Priority: Protecting You and Your Family

Our State Finances

As your fiscal watchdog, it is my job to make sure we are getting everything we can for your hard-earned dollars. That's why I've devoted significant time in helping to bring accountability to our budget by cutting the fat and waste.

According to the non-partisan Office of Fiscal Analysis, our current budget cuts over three billion dollars. Since our fiscal situation continues to deteriorate, we must do more. I'm committed to restructuring government so that it meets the needs of our citizens while spending less and positions us for a strong recovery.

I am keeping a watchful eye and a sharpened pencil on our revenue and spending numbers. It's a job I take very seriously.

Rail Cars on the Way

The Department of Transportation announced that the first pair of long-awaited new rail cars for the Metro-North rail line has arrived and will begin testing on the line before going into active service. Over the next four months, three additional pairs of cars will be shipped to Connecticut, where they will undergo rigorous quality assurance tests for several months before going into regular service on the rail line.

In total, 300 cars will be delivered to Connecticut for operation on the New Haven Line.

Flag Status Notification

Since 2007, I've e-mailed flag status notices to constituents who would like a reminder of the state's honor to our fallen. Tragically, with so many of our servicemen and women still fighting overseas, our flag is moving quite often and residents may not know when they should be moving their own flag to and from half-staff.

To sign up for this free service, please e-mail me at **bob.duff@cga.ct.gov** or call **860-240-0414**. This mailing list is separate from my Capitol e-newsletter and will only ever be used for flag status notifications.
